Your New Choice in MRI at Valley Regional Hospital

In partnership with Mt. Ascutney Hospital and Alliance Healthcare, we are adding a brand new Wide Bore MRI Unit

No More Anxiety!
- The bore opening is 70cm in diameter & 145cm deep
- Comfortable access for patient’s up to 550 lbs.
- Almost one foot of space between patient’s head and magnet
- Many exams can be completed with the patient’s head outside the bore

No More Travel!
Scan appointments available every Tuesday, Wednesday and Friday right on Valley’s Claremont campus.

Safer High Resolution Imaging!
64 channels allows for exceptional image quality, faster acquisition and exam times, safer magnetic fields, and decreased energy consumption.
