

Valley Regional Hospital

Dear Valley Regional Healthcare Patient,

The State of New Hampshire announced that COVID-19 vaccinations for New Hampshire residents in “Phase 1B” will begin Tuesday, January 26.

New Hampshire residents who are in the categories below will be able to register and schedule appointments with the State public vaccination clinics beginning Friday, January 22. Vaccinations will begin Tuesday, January 26. This includes:

- People who are 65 and older
- Medically vulnerable individuals at significantly higher risk, including family caregivers for those under 16
- Staff and residents at residential facilities for persons with disabilities
- Corrections officers and staff working in correctional facilities

You can go to vaccines.nh.gov to register for your appointment or you can call 211 for assistance with scheduling your appointment.

When can you get your vaccine from Valley Regional Healthcare?

We understand that you are eager to get your vaccines. We will be reaching out to our medical vulnerable patients starting Tuesday, January 19th, 2021 to verify that you would like to receive the vaccine and verify your demographics. At this time, we are not quite ready to schedule our patients. However, this will speed up the process once we are ready to schedule you to receive your vaccine. We’re working hard to follow State of NH and CDC guidelines while ensuring vaccine doses and vaccination schedules are available to make the process as efficient as possible for all patients.

Additional information

We know you have many questions and we will do our best to answer them as quickly as possible. New information about vaccine distribution is continuing to be released, and we appreciate your understanding and patience. We will continue to update our website, social media, and provide email updates as we learn more.

If you have further questions about your state’s vaccination plans:

- **New Hampshire residents:** call the state hotline 2-1-1 at any time, or <https://www.nh.gov/covid19>
- **Vermont residents:** <https://www.healthvermont.gov/covid-19/vaccine/about-covid-19-vaccines-vermont>
